SUBJECT: UPDATE ON CALJOBSSM SYSTEM FUNCTIONALITY

This Information Notice provides an update on new system upgrades and enhancements to CalJOBSSM scheduled for completion by March 2015.

Version 14 of CalJOBSSM will be implemented on December 15, 2014. It includes enhancements for all user types (job seekers, employers, staff and administrators). By Spring 2015, the system will undergo another upgrade to Version 15. The transition to Version 15 prepares the system to receive system enhancements related to the implementation of the Workforce Innovation and Opportunity Act effective July 1, 2015.

In addition to system upgrades, CalJOBSSM is also being enhanced to include the Full Spider Technology module and a CalJOBSSM Mobile Application. The Full Spider Technology module will significantly increase the number of jobs imported into the system on a daily basis. The CalJOBSSM Mobile Application will provide an additional tool for job seekers to access the system to search and apply for jobs using mobile devices like smart phones or tablets.

The following are the anticipated implementation dates for these system enhancements:

| DATE | ACTION |
|-------------------|---|
| December 15, 2014 | Implementation of Version 14. |
| January 1, 2015 | Full Spider Technology module and the CalJOBS SM Mobile Application are available. |
| March 2015 | Projected implementation of Version 15. |

If you have any questions regarding the CalJOBSSM system enhancements or upgrades, please contact the CalJOBSSM Operations Unit at 916-653-0202 or CalJOBSAdmin@edd.ca.gov.
